Sir:

**INTERVIEW SUMMARY**

A telephonic interview was held on January 23, 2008 with Examiner Kassa, during which time the undersigned and the Examiner discussed issues with a minor informality in the Specification. The undersigned agreed to the Examiner's proposed amendment to the specification. The Examiner noted in the telephonic interview that the Applicant would not be required to file a formal written Interview Summary; however, the subsequent Notice of Allowance requires the undersigned to submit a formal written Interview Summary.

It is respectfully submitted that the telephonic interview was properly summarized by the Examiner, and thus, the Examiner's actions of requiring an additional Interview Summary from the Applicant was unnecessary, arbitrary, and improper.

Respectfully submitted,
